SHRINK TUBES

Versatile Shrink Tubing for All Your Wiring Needs!

Shrink tube, also known as heat-shrink tubing, is a versatile and indispensable solution for various wiring applications. With its flexibility and ease of use, shrink tube is ideal for electrical, automotive, and DIY projects. Whether you need to repair, organize, or insulate your wiring, shrink tube is the reliable choice for professional-grade results.

THIN WALL

Ideal for cable insulation and marking in diverse applications.

MEDIUM HEAVY WALL BREAKOUT & CAPS

Flexible, waterproof, and uv-resistant flex tubes shields

DUAL WALL AND SPECIAL TUBES

Resilient tubes resist heat & impact

HIGH TEMPERATURE TUBES

High performance tubing up to 150 - 200 °C

HEAT SHRINK TERMINATIONS SYSTEMS

For power cables up to 36 kV

LOW VOLTAGE KITS

Heat shrinkable joints for 0,6 / 1,0 kV

BUS-BAR TUBING

High voltage heat shrinkable insulating tubing

INSULATING & PROTECTION TUBES

Secure and safeguard your wiring
with reliable insulation

Insulating & Protection Tubes provide essential shielding for your wiring, offering reliable insulation against electrical currents and safeguarding against environmental factors such as moisture, heat, and physical damage. They ensure optimal performance and longevity for your electrical systems.

FIBERGLASS TUBES

Providing excellent electrical isolation

CORRUGATED TUBES

Versatile corrugated tubes

SPIRAL WRAP. BAND

Quick and practical cable arrangement

BRAIDED SLEEVES

Unique woven pet construction

HIGH TEMPERATURE INSULATING TUBES

High performance tubing up to
180 - 260°C

PVC TUBES

Flexible pvc hose:
acid-resistant

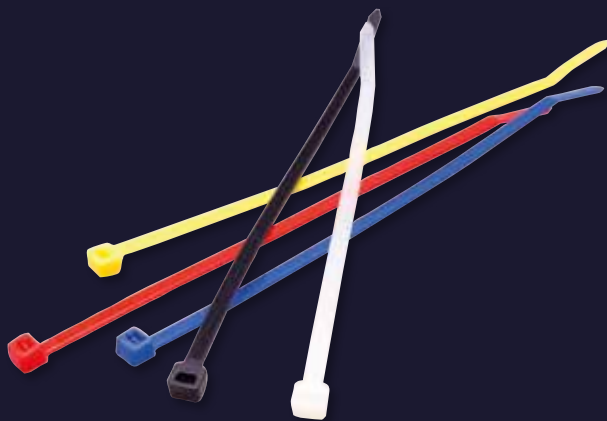

SELF CLOSING WRAP

Flexible, effective component
protection

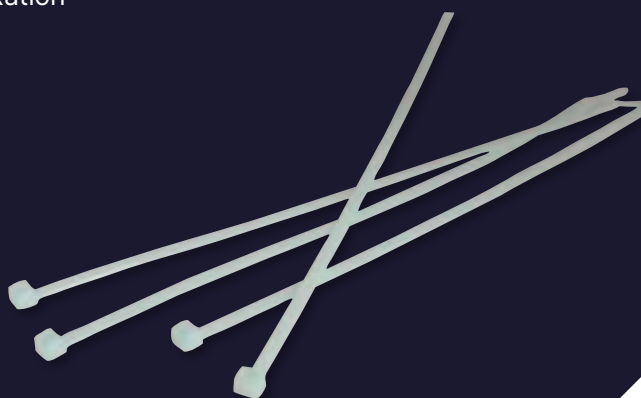

CABLE TIES & FIXING

Cable Ties & Fixing solutions for efficient bundling and fastening.

Versatile solutions for secure bundling and fastening of cables, wires, and other components. These durable and reliable tools ensure tidy organization, hassle-free installation, and effective management in various industries, including electrical, automotive, and construction.

STANDARD
For general use
for cable fixation

HEAT
Recommended use, in electrical
engineering

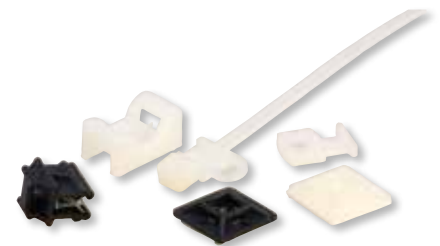

SPECIAL
Specialized for military
& chemical industries

STEEL
Customized strong
steel ties

PTT&MTT / TWIST TIE
For easy twisting and securing

CABLE TIE FIXING
Cable tie mounts for
plastic cable ties

CABLE MANAGEMENT CLAMPS
Reliable fixation clips for cable
management

MARKING & PRINTERS

Clear and accurate labeling, coding, and printing on a variety of surfaces.

Essential tools for precise and reliable labeling, coding, and printing on diverse surfaces. These versatile solutions enable efficient organization, identification, and tracking in industries such as manufacturing, logistics, healthcare, and more.

OVAL

Unique shape for special solutions

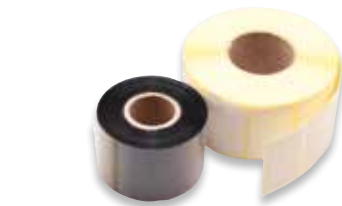

FLEXIBLE FLAT

Easy marking for cables & ropes

CABLE MARKING

Marking systems for cables

LABELS & RIBBONS

High quality printable adhesive labels

LABELING TAPE CASSETTES

For label printers

PRINTABLE SHRINK TUBES

Thin oblate design for versatile applications

CAB PRINTERS

Revolutionary technology and the highest quality

CABLE GLANDS

Reliable and secure solutions for cable entry and termination, ensuring protection and proper sealing.

Essential components for secure cable entry and termination, providing reliable sealing, strain relief, and protection against environmental factors. Suitable for various industries including electrical, telecommunications, and manufacturing, these glands ensure efficient and safe cable management and installation.

POLYAMIDE PG
High heat and impact resistance

METAL PG
High heat and impact resistance

METAL METRIC
Brass, nickel plated

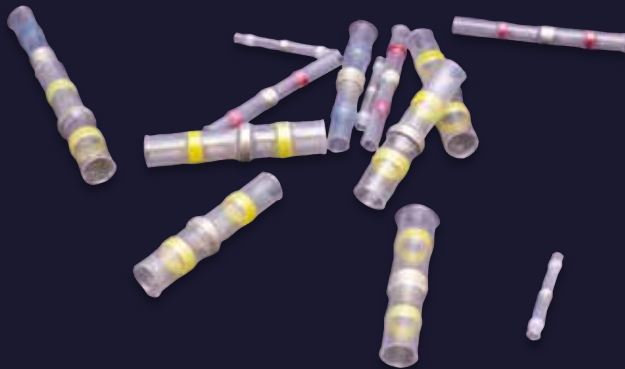

POLYAMIDE METRIC
Anti lock system provides superior antivibration protection

TERMINALS FOR WIRES

Essential connectors for secure and reliable electrical connections.

These connectors ensure reliable conductivity, easy installation, and compatibility with a wide range of wires. From electrical panels to automotive wiring, wire terminals provide a dependable solution for joining, terminating, and organizing electrical circuits.

SOLDER BUTT CONNECTORS

These connectors provide a strong and durable connection

CRIMP BUTT CONNECTORS

Crimped, strong and durable connection

NON INSULATED TERMINALS

Secure connectivity solution for diverse applications

INSULATED TERMINALS

Versatile and reliable solution for various applications

DIPPING & COATING

**Versatile and durable solutions for
sealing and protecting.**

These versatile and durable caps provide reliable sealing and protection for the ends of various objects. Made from high-quality PVC, they offer flexibility and resistance to impact, moisture, and environmental factors.

METAL OBJECTS COATING

Enhanced protection,
safe grip

BUS BAR COATING

High quality electrical
protection

GRIPS

Secure grips, the
reliable hold

TOOL DIPPING

Safe, durable coating, also for
custom tools

CAP WITH PULL-TAB

Easy assembly with easy
disassembly

SOFT PVC INSULATING CAP

Protect
and insulate

SPECIAL INS. CAPS

Special insulated end cap
protection

3M SCIENCE APPLIED TO LIFE

Innovative solutions for a wide range of industries, offering quality, reliability, and cutting-edge technology

Trusted worldwide for their exceptional quality, innovation, and versatility. From adhesive tapes and abrasives to electrical connectors and healthcare solutions, 3M offers a diverse range of reliable products that meet the needs of industries such as manufacturing, automotive, electronics, healthcare, and more.

ADHESIVE TAPES

Durable tapes for versatile applications

INDUSTRIAL GLUES

Proven industrial glues by trusted brands

DIE CUTTING

Die cutting for precision results

SLITTING

Precision slitting of various adhesive roll types

SPECIAL SHAPES & MATERIALS

Tailored for unique requirements

KISS CUTTING

Diverse kiss cutting options

SERVICE AND SUPPORT

HIGH QUALITY LABEL PRINTING

Boost your products with our label printing service. Precision meets customization as we bring your designs to life on high-quality labels. Ensure your brand stands out with our expert labeling solutions.

CUSTOMIZED PACKAGE SOLUTIONS

Elevate your brand with our custom packaging service. Tailored to your unique vision, our packaging solutions combine form and function seamlessly. Make a lasting impression with packaging that reflects your brand's essence.

SHRINK TUBE PRINTING

Discover our exceptional tube printing service, focused on precise identification. Elevate your product labeling with our high-quality graphics and marking expertise. Transform plain tubes into clearly identified assets effortlessly.

PRODUCT CUTTING PROGRAMS

Improve your precision with our cutting service. Our expertise in precision cutting ensures your materials are crafted to perfection. Elevate your projects with our meticulous cutting solutions.

3D PRINTING SERVICES

Explore our 3D printing service. We turn your ideas into tangible reality with cutting-edge technology. From prototypes to custom designs, our experts bring innovation to life with precision and creativity.

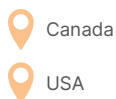

SHRINKTECH PRODUCT KITTING

Customize your product kits with our tailored service. Your vision, your way. We assemble products to your specifications, offering flexibility and personalized solutions to meet your unique needs.

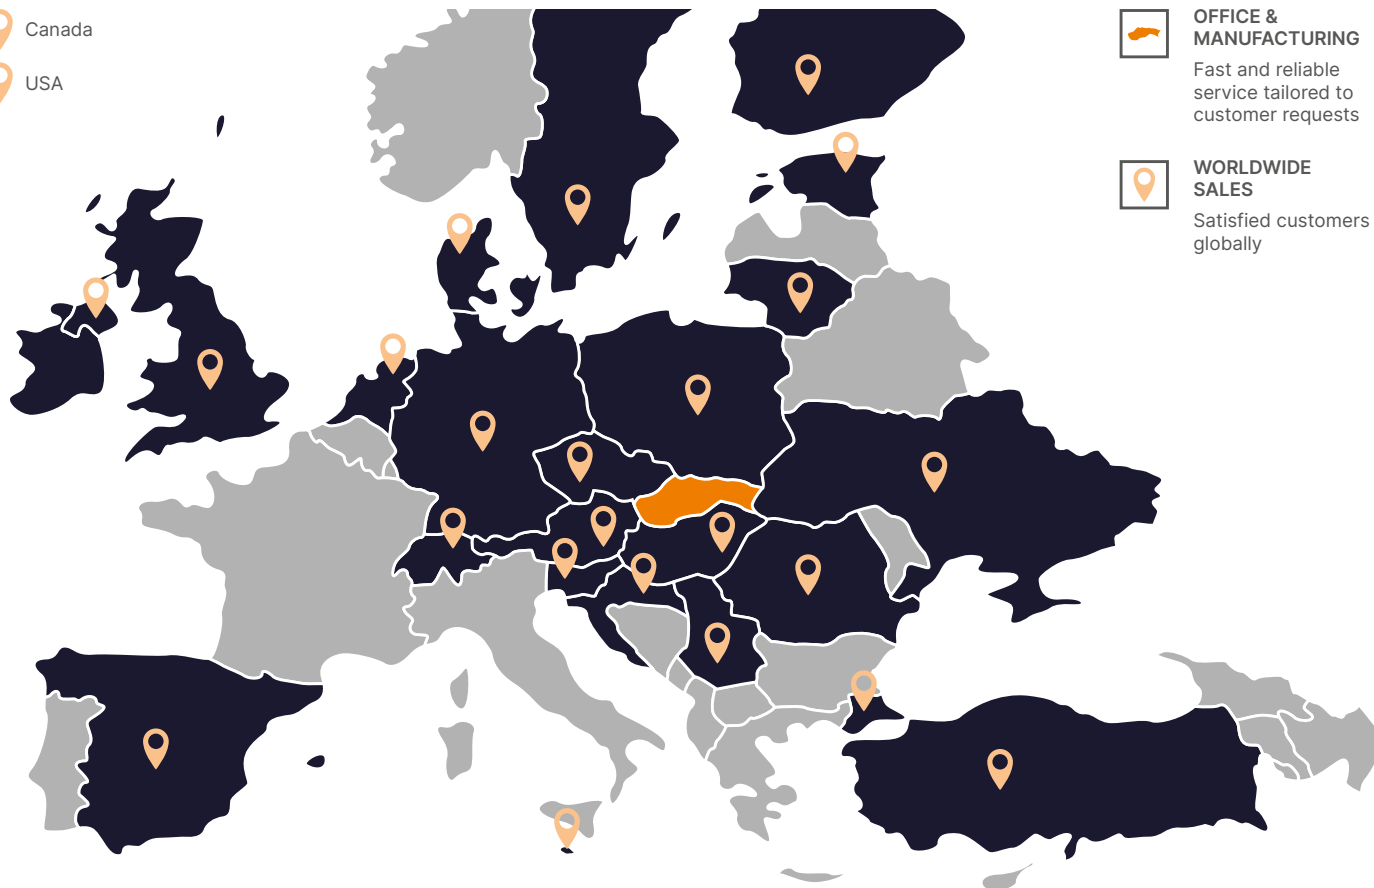

NOTES

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
