About us

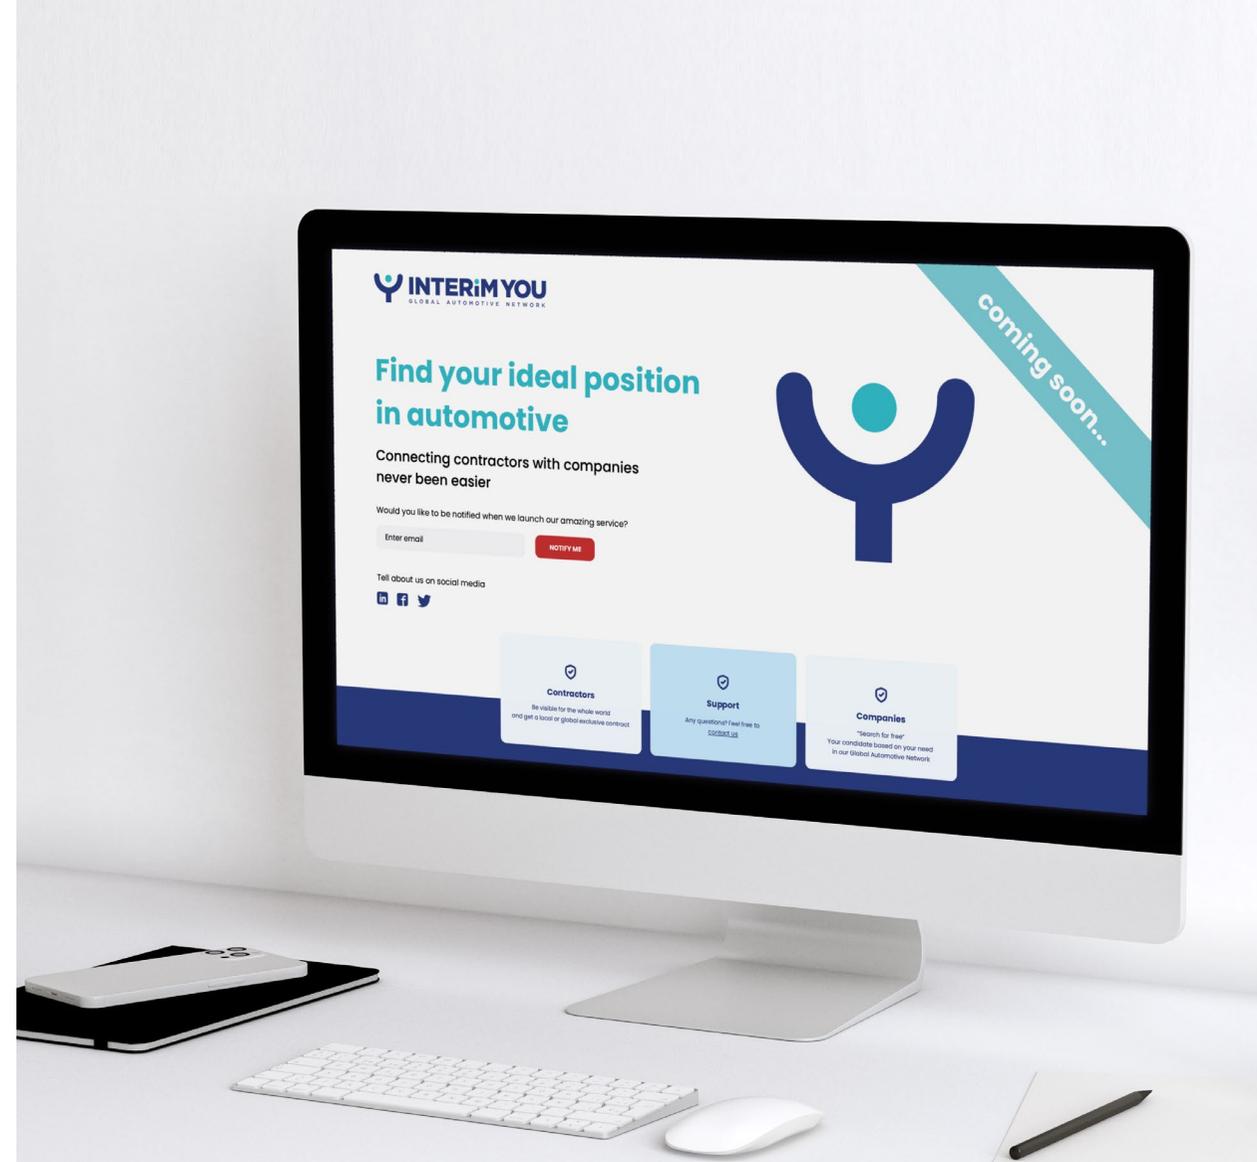

Interimyou consists of HR experts and automotive managers with many years of experience in development, project and series in the automotive segment. At the same time, it makes the most of staff placement and provides external and internal specialists with specialized expertise. The company is an established partner on the Czech and Slovak markets as well as abroad within Europe.

We're working on new project

We're developing new global automotive network for easier connecting contractors with companies.

COMING SOON 2024...
