## About us...

---

Company HAPPYLIFE has been active since 2009. Our aim is to create unique and tasty products made of ingredients of the highest quality. Our main focus is on the „Free From“ category – gluten-free, lactose-free, no added sugar, etc. Our production facility is certified for Organic production as well as a holder of internationally recognised IFS certificate. We are a dynamic company that is constantly developing and working on new innovative products which adapt to current market's needs. We have many years of experience with export to foreign markets. We can offer our clients a complete service, whether it is for products under our brands or a private label project. Our products have been tried and enjoyed by customers in Czech Republic, Germany, Austria, Hungary, Slovenia, Italy and many others. We want to show people that they don't have to choose between foods that are healthy or tasty - it's possible to have both!
