ABOUT OUR STUDIO

We are a creative studio with many years of experience in digital media and advertising. We enjoy our work, and it shows in the results we deliver. That's why we are one of the few studios that has a policy: if you are not satisfied, you don't pay anything at all! We stand behind the quality, which is a condition for being paid for anything. Don't hesitate to write to us and give us a try.

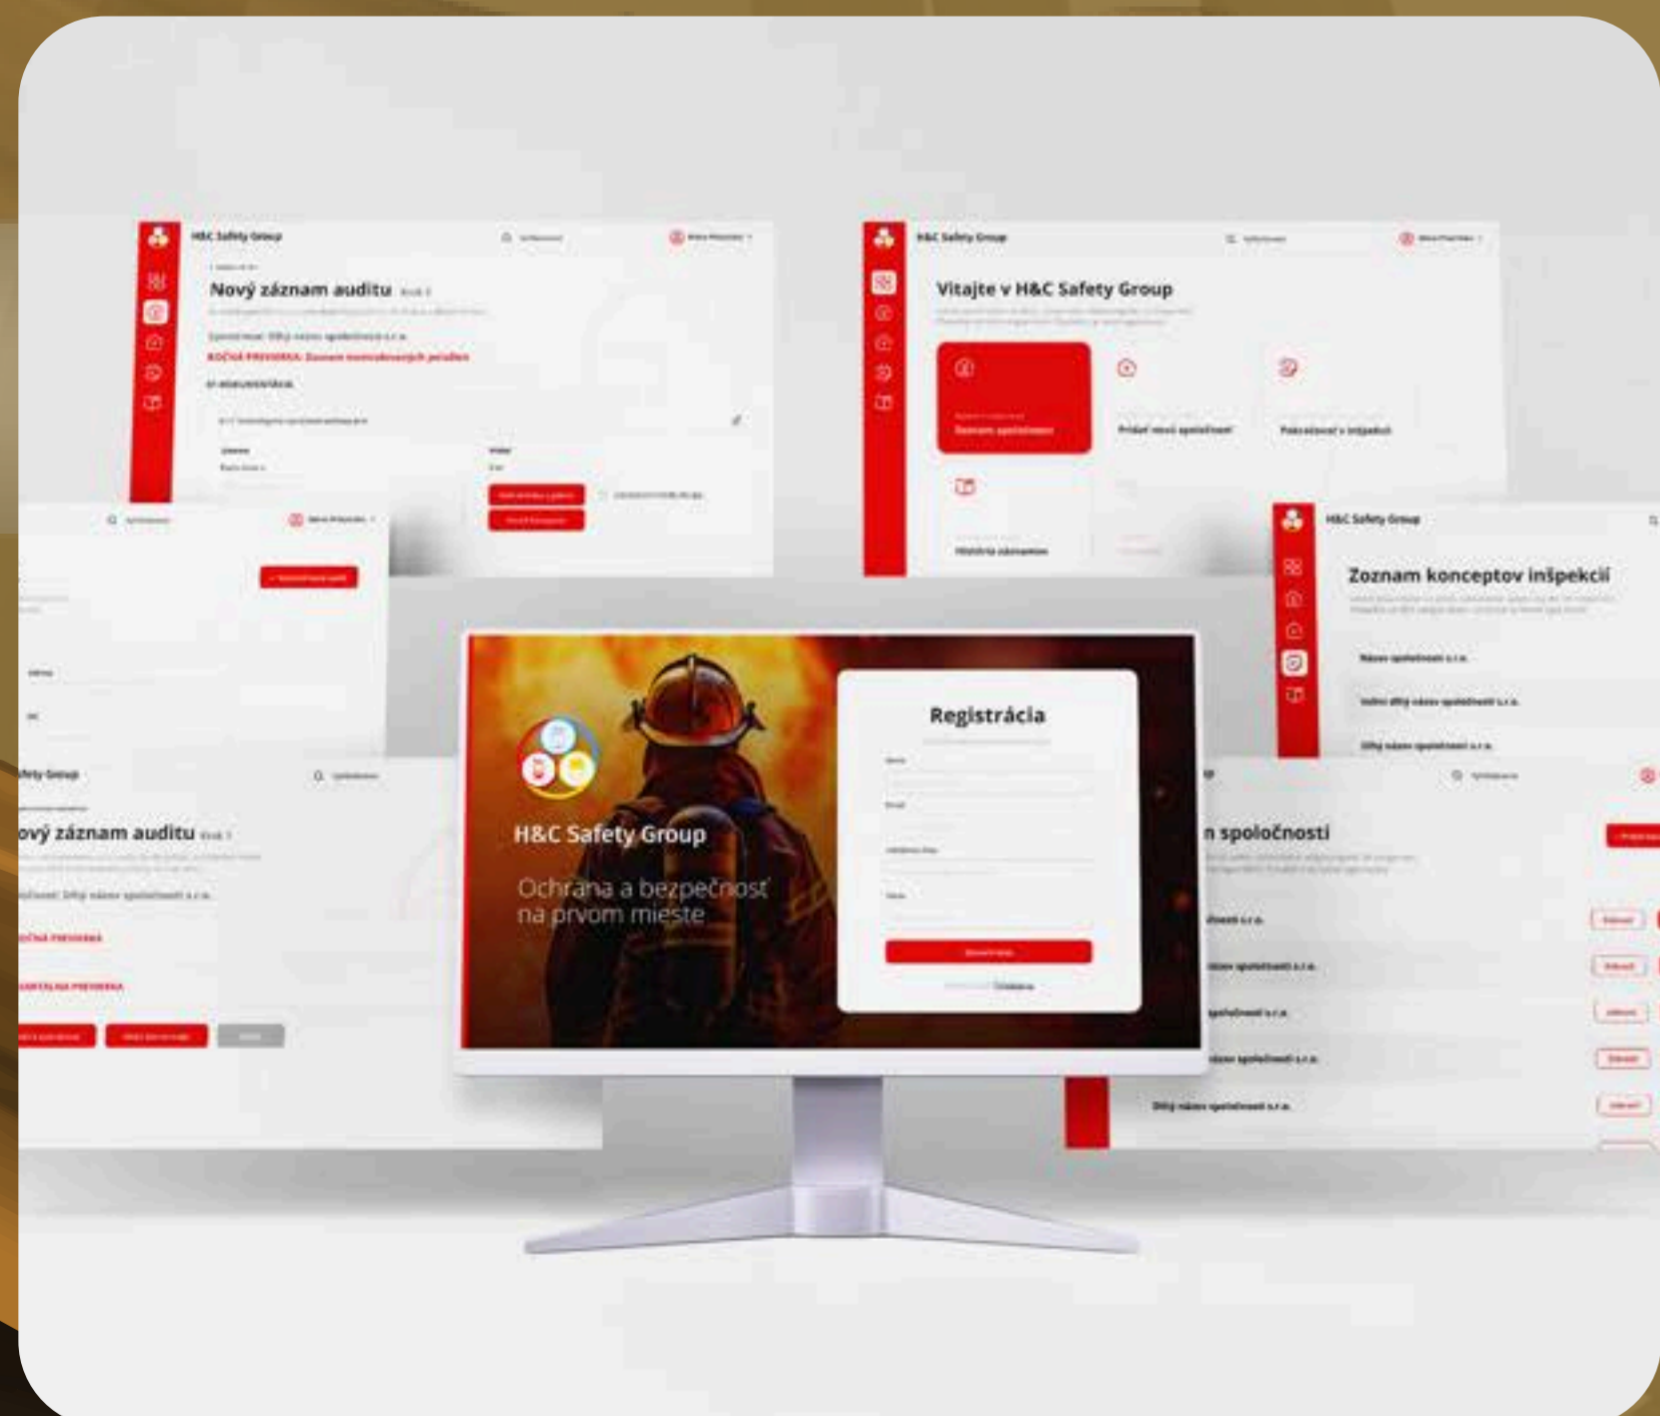

WHY CHOOSE US?

Our clients include top companies in Slovakia, so you don't have to worry about quality. Moreover, under one roof, we offer various services, which saves you not only money but also time. We create our work according to the latest standards and trends. And if something needs to be done "yesterday," we are used to working late at night or on weekends when necessary.

SOFTWARE

In the digital world, quality and functionality make the difference. That's why at Verteco we create software that is not only technically flawless but also intuitive to use. Our solutions are tailored to your business needs – from process automation to clear, time-saving tools that boost efficiency.

Our services:

- ◊ custom software development
- ◊ process automation
- ◊ system integration
- ◊ modernization and optimization of solutions

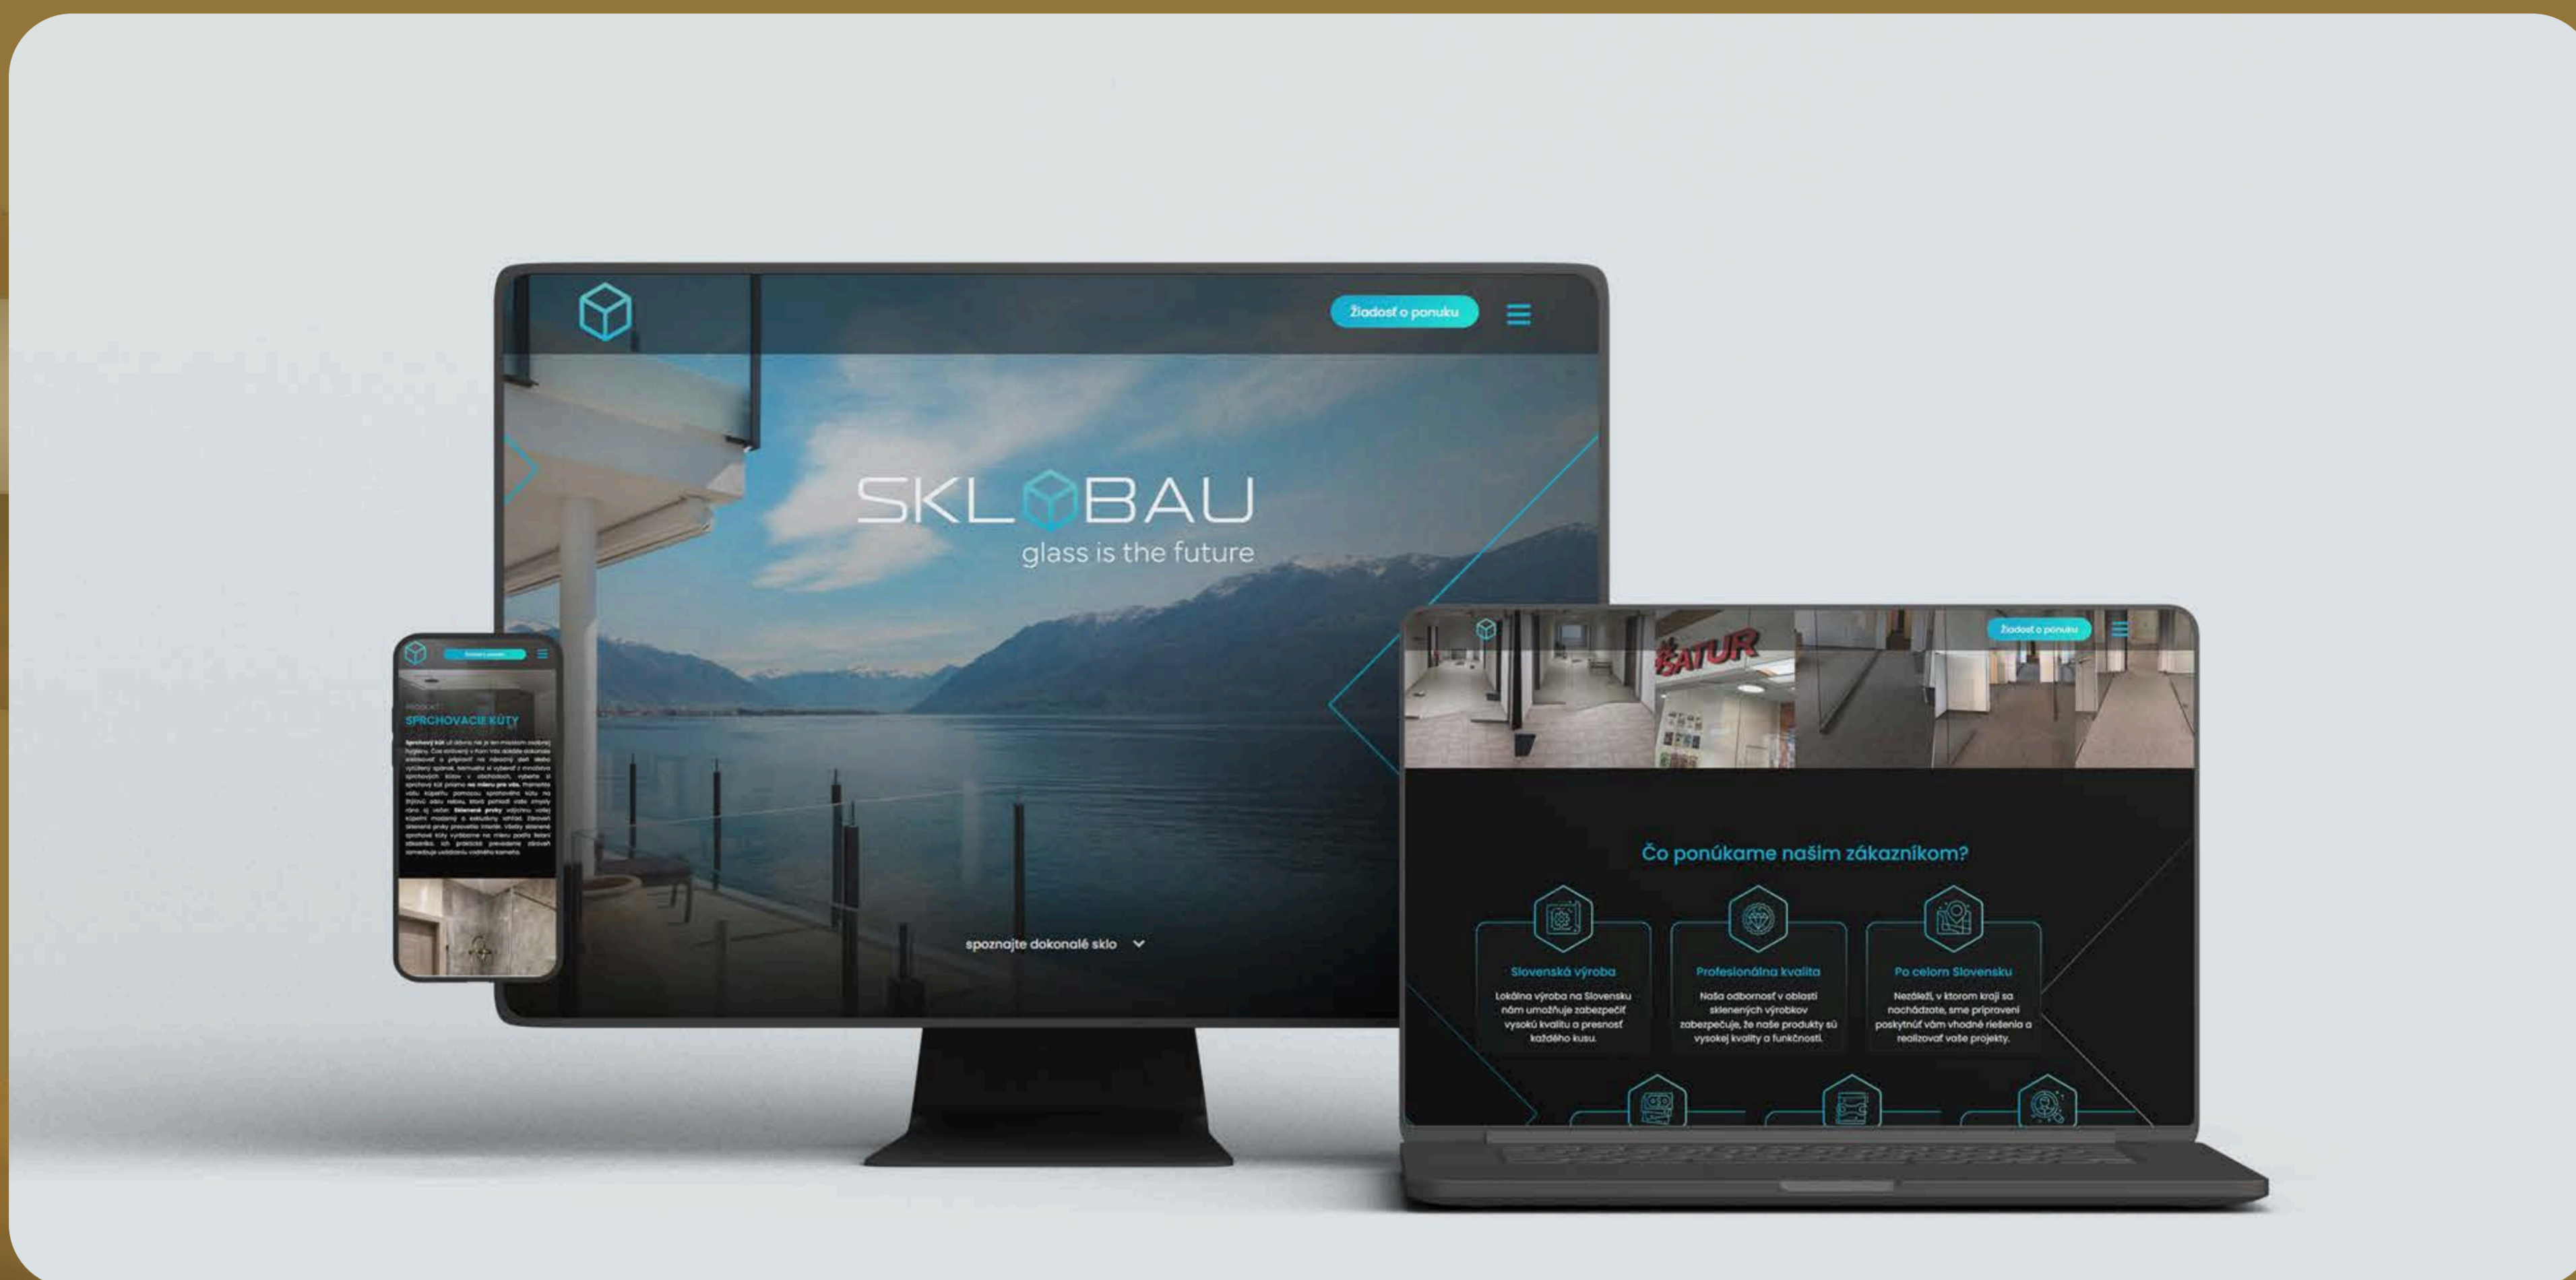

WEBSITE & E-SHOP

Forget about generic template websites that people forget about even while browsing them. We focus on every detail to make sure your new site isn't just visually appealing, but also simple and user-friendly for every visitor.

Our services:

- web design
- e-shop design
- product image editing
- website administration
- website redesign and modernization
- ux / ui design
- web advertising banners

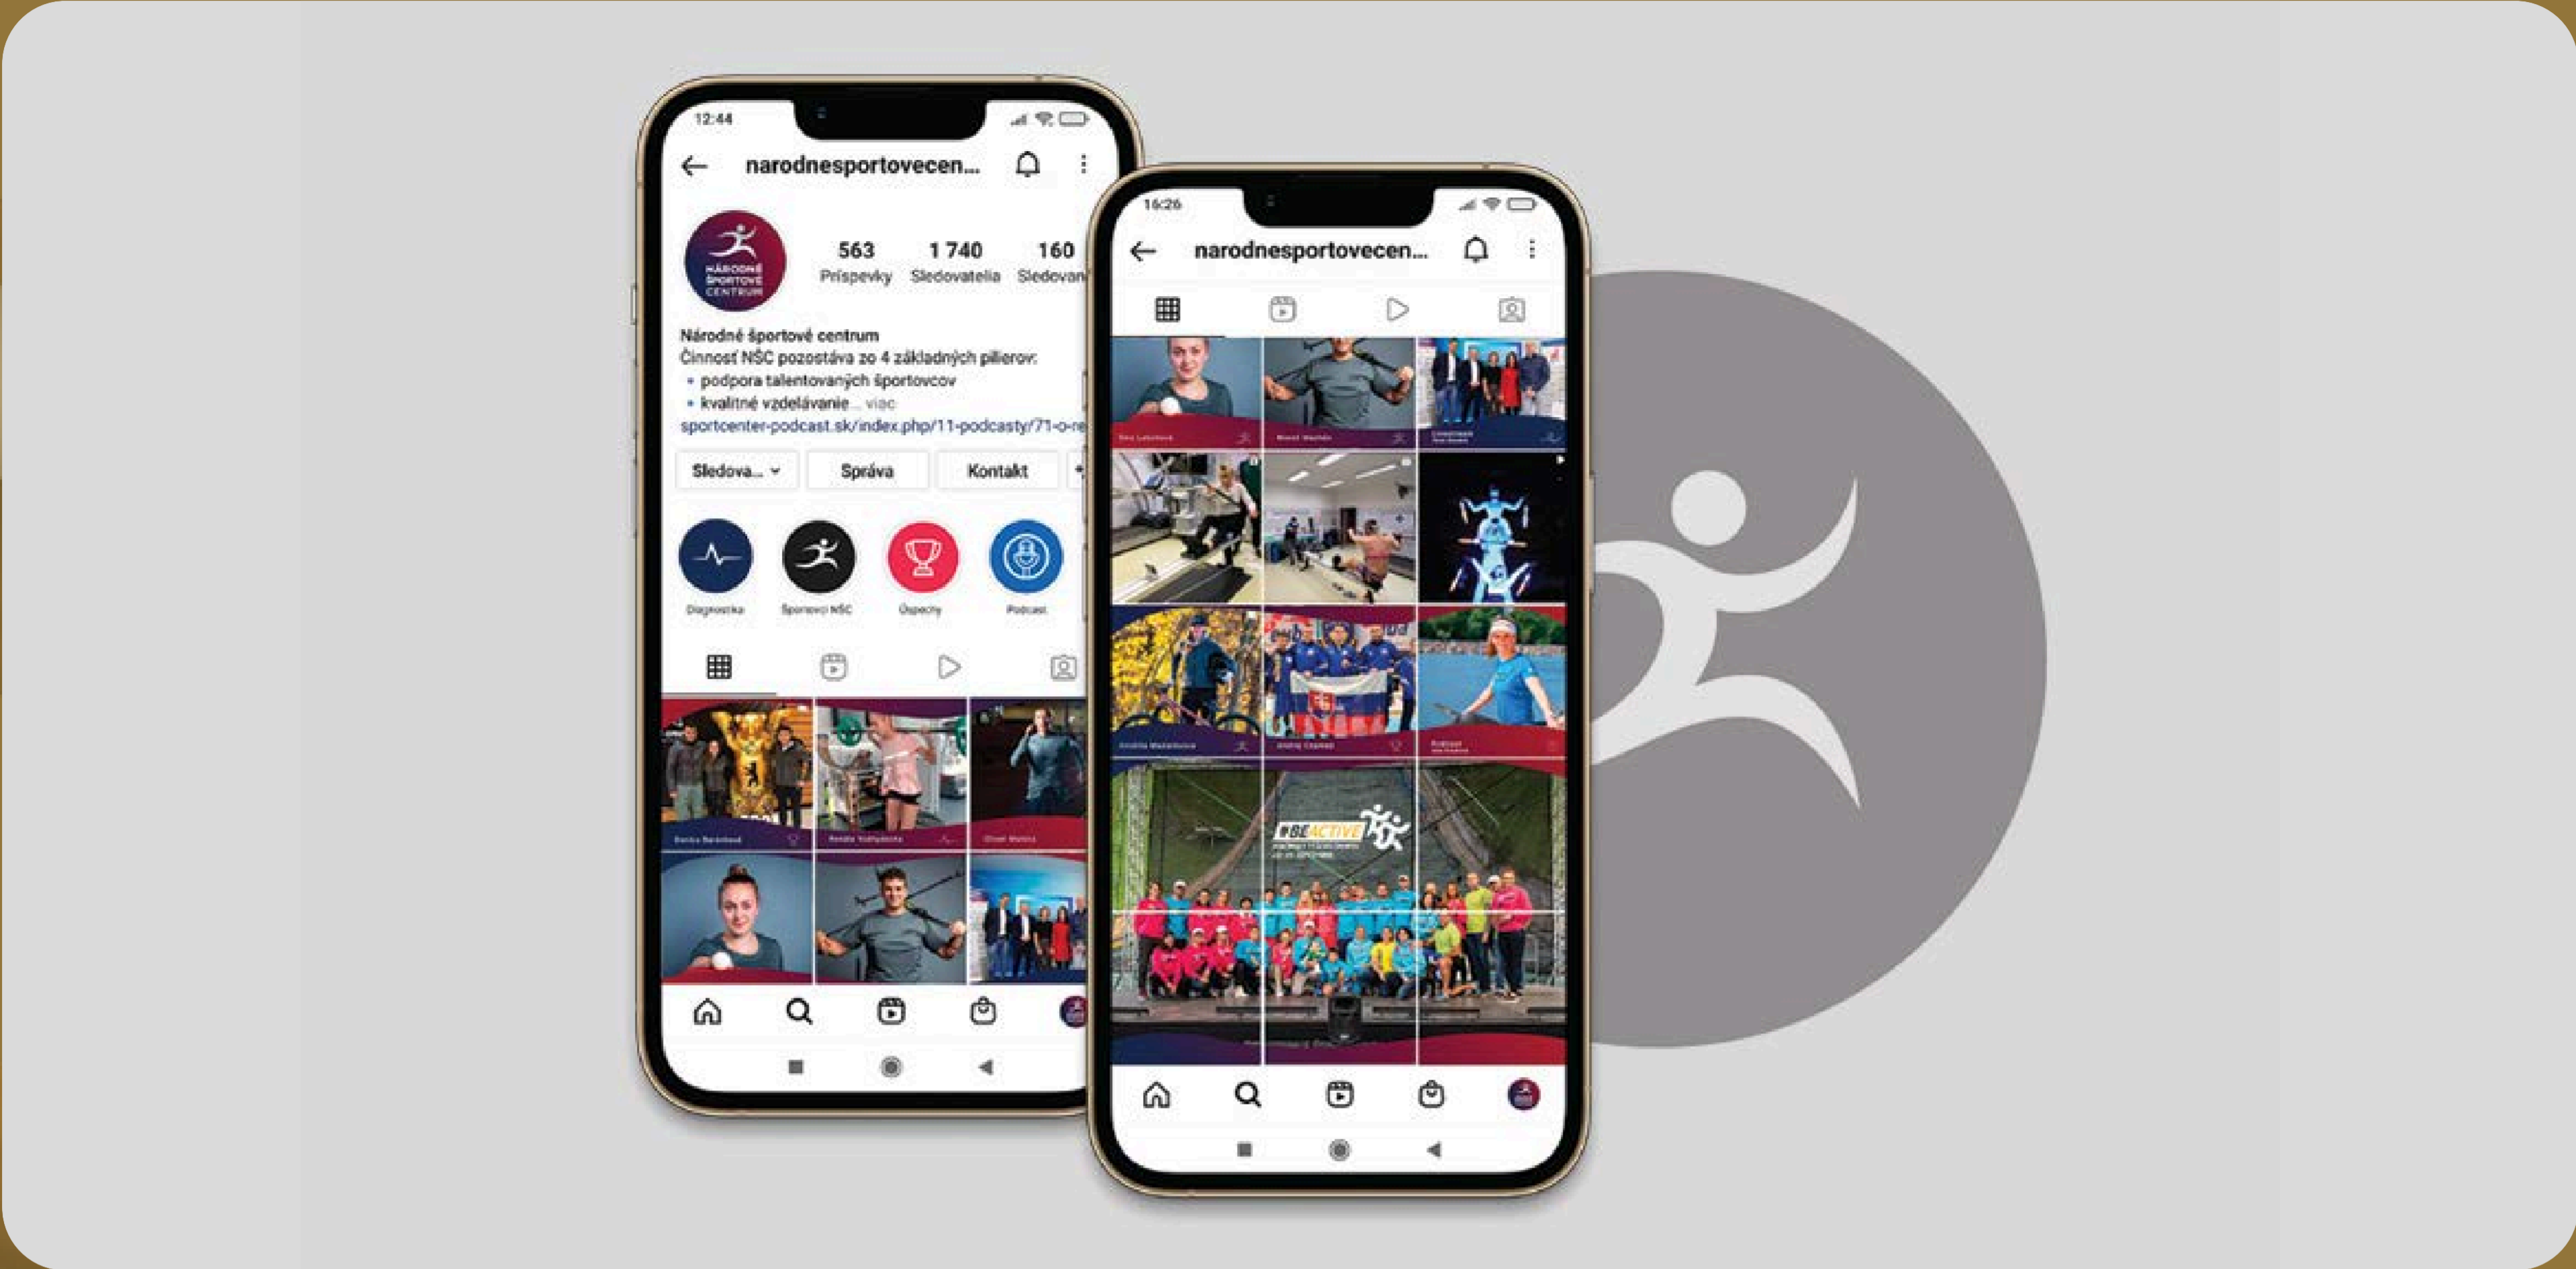

MARKETING

Online marketing has never looked better. At Verteco, we'll help you stand out in the digital world and attract new followers. In addition to design, we also offer full online marketing services — so with us, your social media is in good hands!

Our services:

- social media graphics
- account and profile management
- copywriting
- banners for social networks
- analysis and reporting

DESIGN

Our specialty is creating professional visual content – from logo design, corporate identity, and branding elements, through print design (flyers, brochures, packaging, catalogs), to digital solutions such as web design, mobile app design, UX/UI interfaces, and online campaigns.

Our services:

- branding
- web design
- social media
- packaging design
- 3d models
- logo design
- mobile applications
- print graphics
- typeface design
- ux design

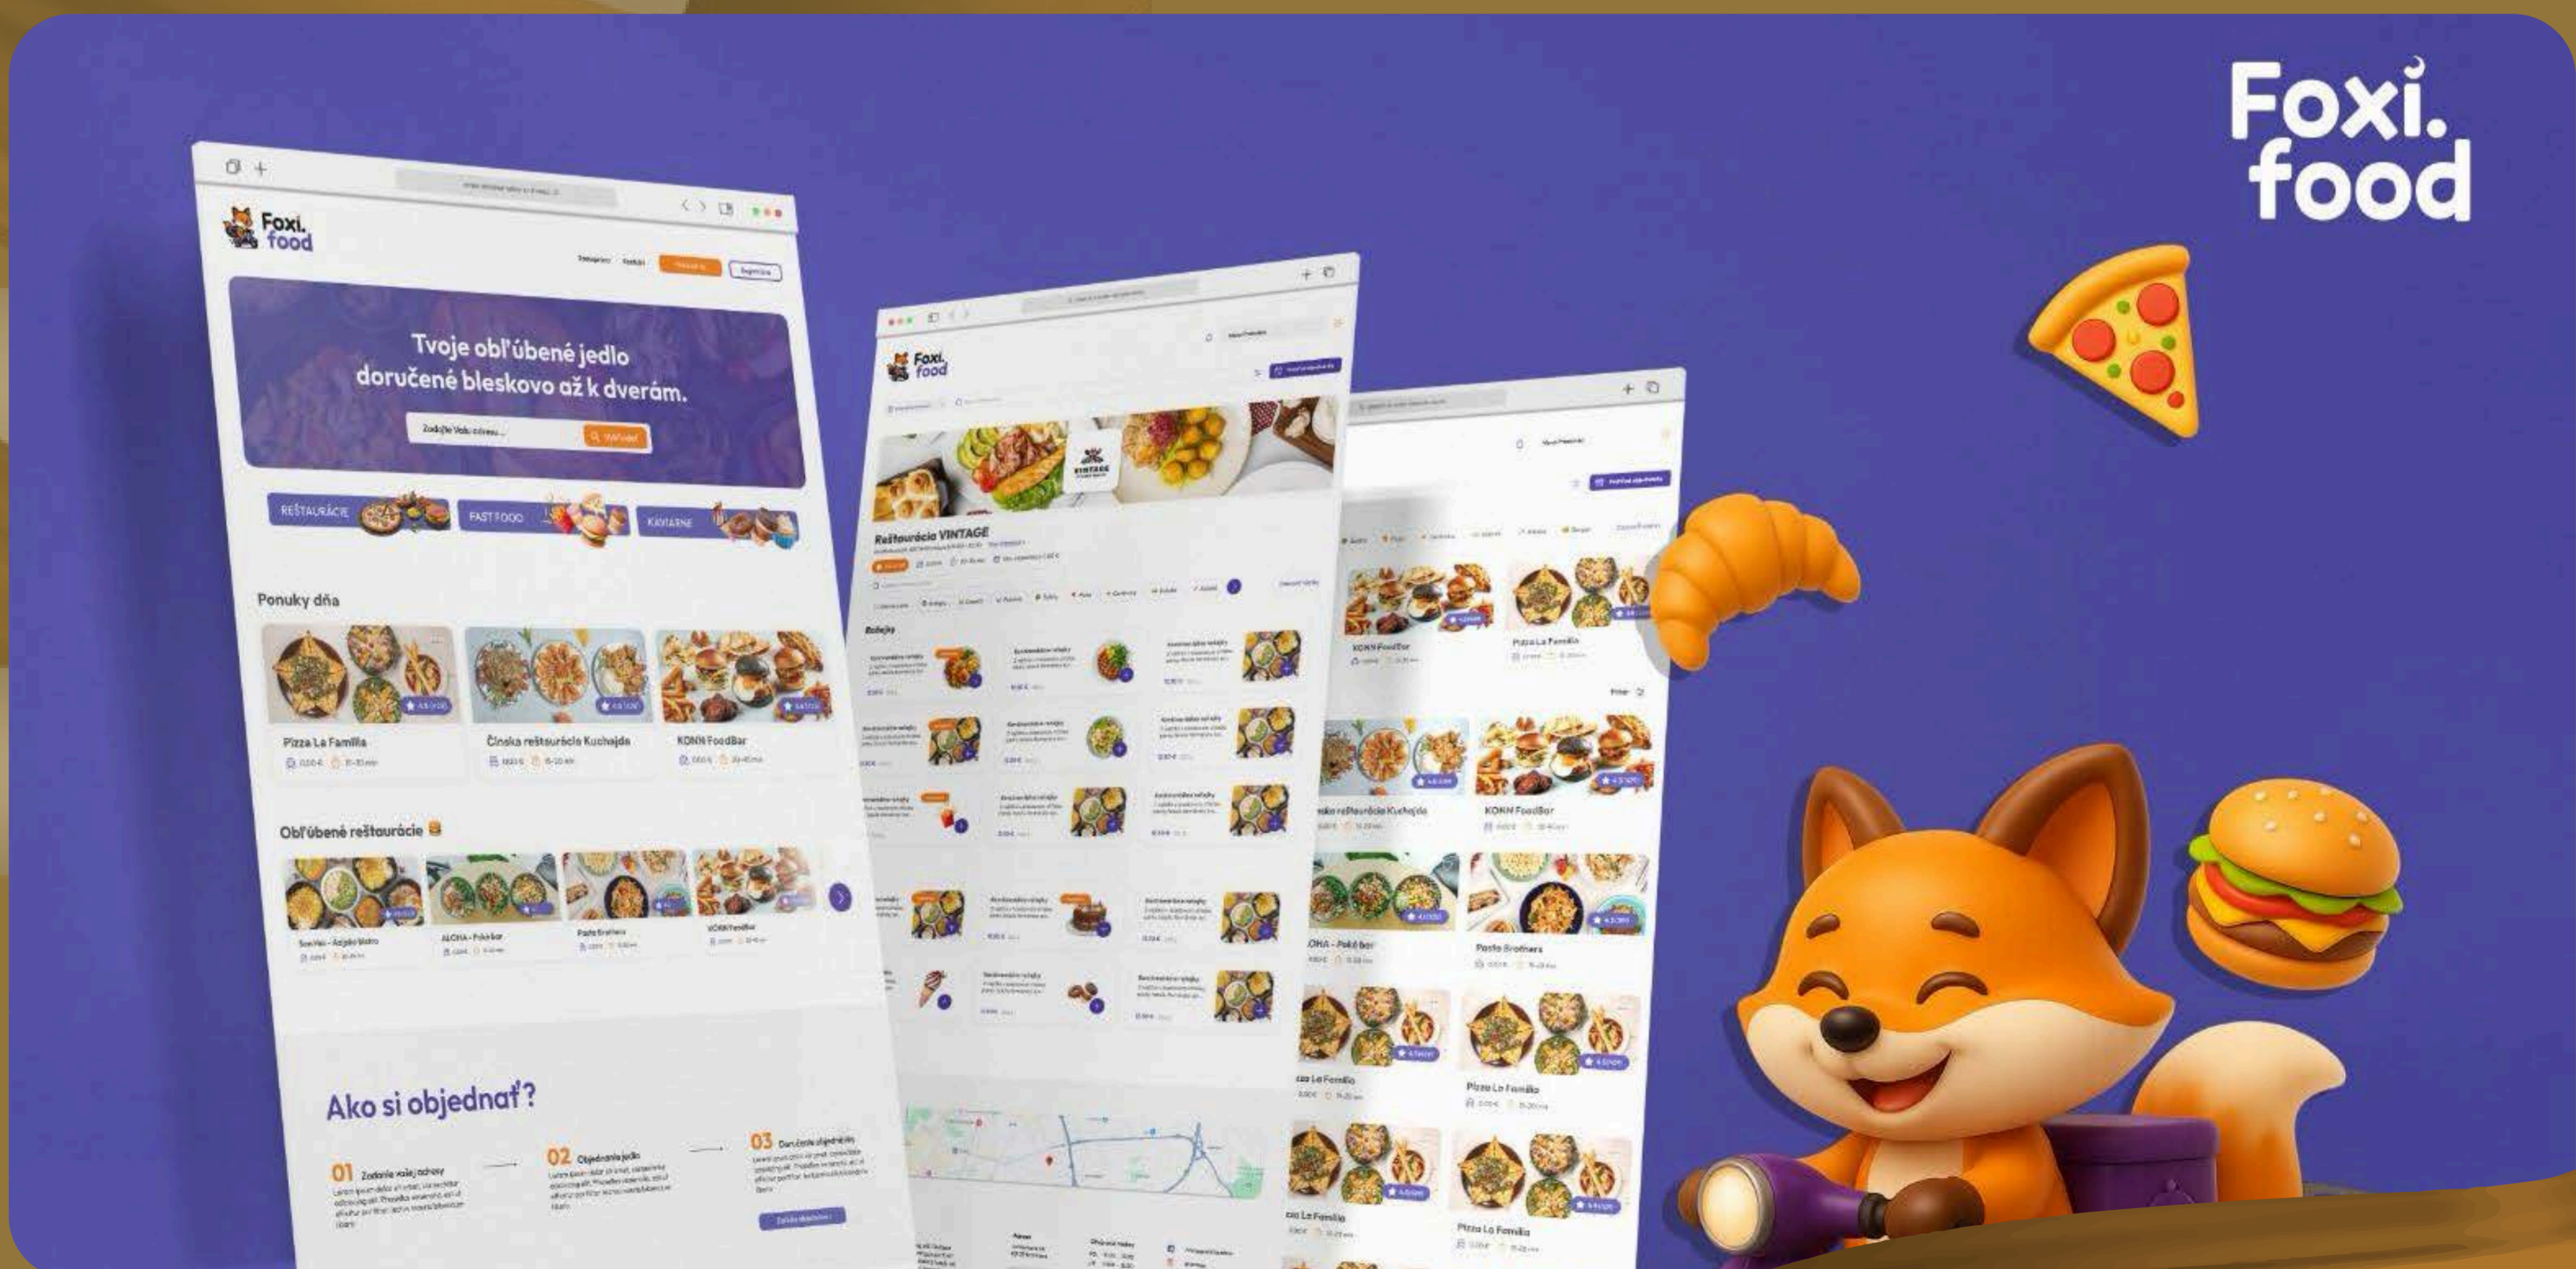

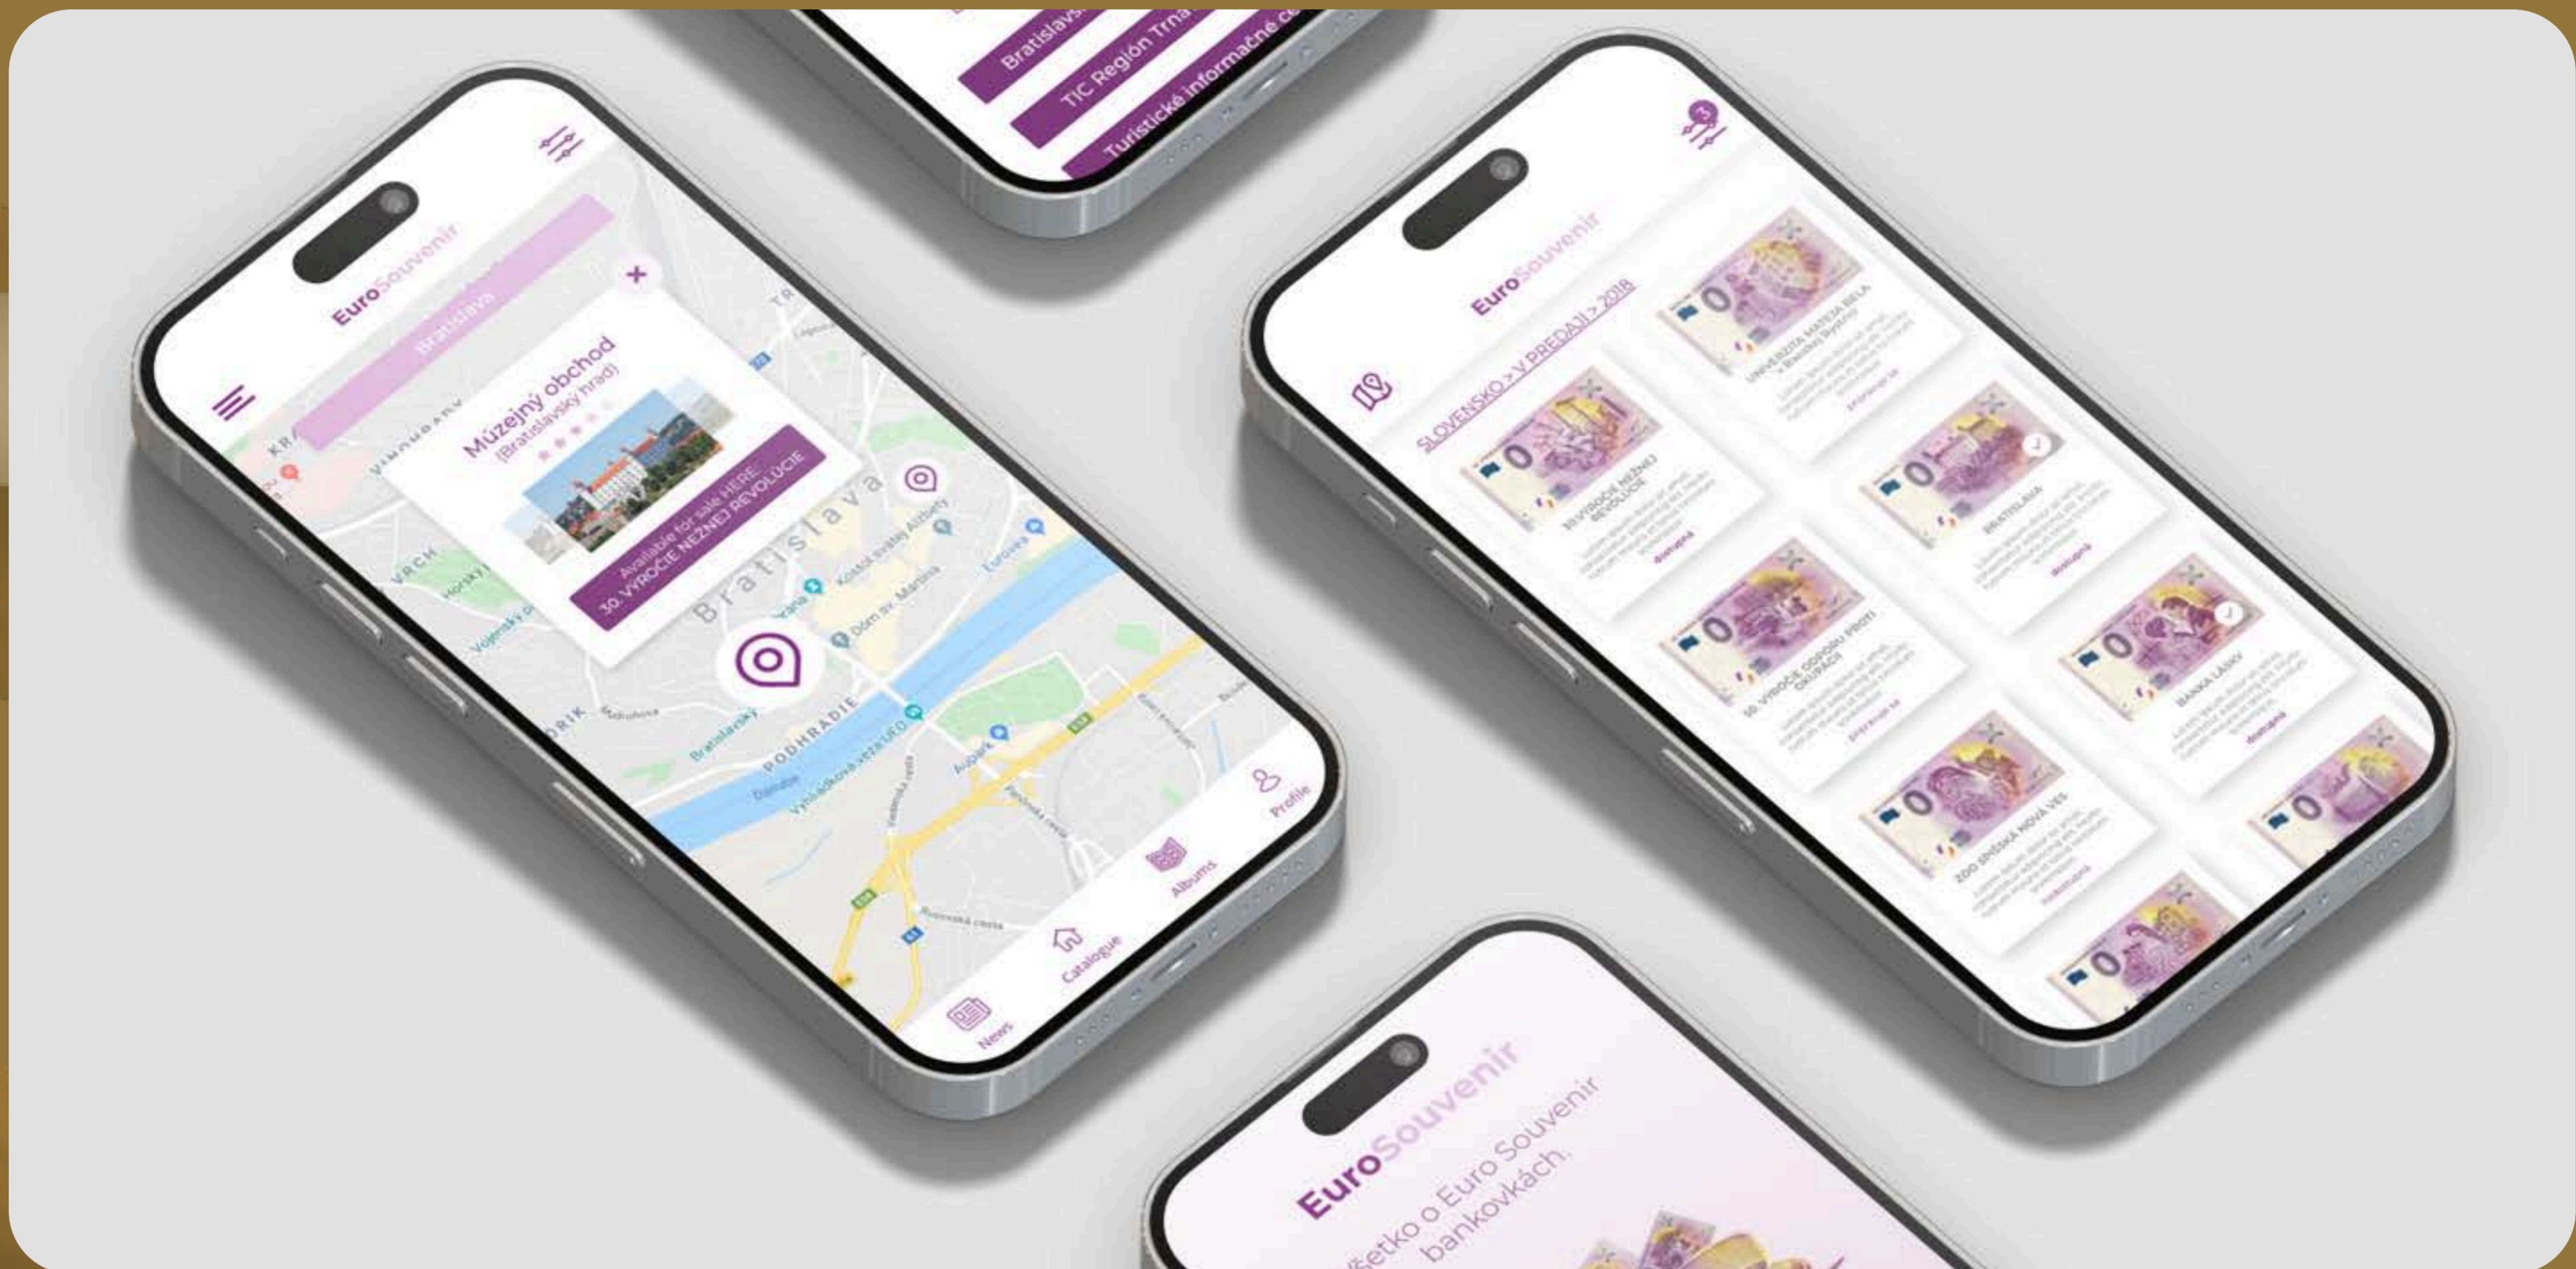

APPLICATIONS

Welcome to the world of modern technology, where mobile apps can do just about anything. Whether you need an HR app, an e-shop, or a customer portal — with us, imagination has no limits. We'll design not only the look, but also help with the development and implementation of your app.

Our services:

- hr applications
- e-shop
- customer portal
- ux / ui design
- custom features
- web applications

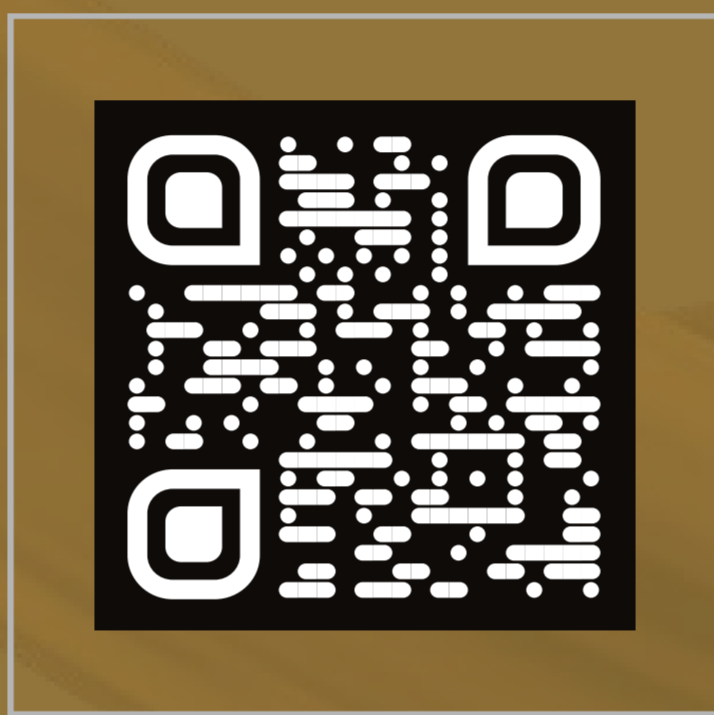

PHOTOGRAPHY

Photography is an important part of today's world. It helps us preserve memories, share our joy, and is also a crucial marketing tool for presenting companies and products. Discover the magic of professional photography through our studio and share your joy with your customers or loved ones through high-quality photos.

Our services:

- corporate photography
- business portraits
- product photography
- weddings
- drone footage
- photo editing and retouching
