Values

We accentuate everyday work, detail, and quality

Customer satisfaction is primary for us

Our approach to customers and also to employees is always correct and fair

Tempesta is the family character of the company

We aim to increase employees qualification

Our Services: Quality Control & Rework Resident Engineering Support and On-Site Representation

Onsite Quality Assurance

The main subject of our bussines is quality control and rework of car glasses of all types, aluminium parts, decorative molding, trims, rails, metal profiles, plastic painted parts etc.

With the sorting of delivered parts we ensure fluent running of assembly processes

We offer the ability of simple corrections right on the spot in case of defective parts – glasses, rims, or other components.

Regular, comprehensive reports of the work on a daily base

Our own material, work equipment and tools

Despite of smaller team of employees, we are very flexible and are able to provide support to our customer in a short time.

Our Clients: Successful Longterm Cooperation in Quality Support
